# Summary

**NumbersBee is a unique live-streaming game show app with a host where students from all over Delaware can play along in real time to improve number sense by solving number puzzles. Students can also practice in a web-app from NumbersBee.com.**

# Why NumbersBee?

- NumbersBee is a combination of multiple cutting-edge technologies such as mobile apps, livestreaming, and social interaction while gaming.
- For every 100 minutes of game play, Math DCAS Standardized Test Scores improved by about 40%.  
Link: <https://nationalbee.org/dcas-analysis-report/>
- FREE Download from the App Store, Play Store.
- Less work for the teachers.
